

Chester Golf Club- House Committee Report for AGM August 26, 2020

The House Committee is very small, members include Cathy Rafuse and Dave MacMillan.

Since our AGM of August 2019, several improvements have been made to our facility up until January 2020 which include:

1. New walls and floor have been installed in the walk-in freezer in the clubhouse. This work was required due to a rotting floor under the freezer.
2. The staff washroom in the clubhouse was renovated and updated with new gyprock, paint, and fixtures.
3. Painting completed in the Pro Shop to give it a fresh look.

With the onset of COVID-19, plexiglass has been installed in the Pro Shop, furniture and dining tables reformatted in the dining areas, new signage posted relating to new procedures for the safety of staff, members and guests.

All other projects have been put on hold until such time our resources permit us to proceed.

Suggestions for improvements to our buildings and interiors, are always welcome. Also, we hope to expand our committee so, if anyone is interested in joining us, kindly get in touch with me.

Respectively submitted,

Cathy Rafuse
