

Spring AGM Junior development report 2021
Submitted by: PJ Cowan

Dan and I are excited to kick off the Junior 2021 season at the Chester Golf Club. Again this year we are starting with a little uncertainty but have developed a full schedule of events for the juniors at our club. We hope that much of this will be able to go on unaffected, the schedule has been posted to our website section.

Our first junior clinic is scheduled for Sunday May 30th and is available to juniors members of all ages and abilities. In addition to the 8 instructional clinics we have 4 family golf evenings, 2 in house Top Gun fun tournaments (June and August), our CGC Family 2ball (July 18th) and Castle Chester Building supplies Invitational July 22. Thanks to Castle Building Supplies their continued support of this event. There are also a number of other fun invitational events around the province that our juniors are encouraged to play. CGC Junior members can have their registration fees reimbursed (to a maximum amount) thanks to our Boosters. Thanks to Kyle Gates Electrical, our juniors can hit practice balls for free anytime on our range. We also have some donated swallow boxes for sale in the proshop--thank you Howdy!

If you have questions about anything junior related reach out to Dan or the proshop staff and they will be able to assist you. If you are interested in joining the committee or volunteering with Junior activities please let Dan or me know.

Respectfully
PJ Cowan
